00:00:29 The light came through the window

00:00:37 Straight from the sun above

00:00:44 So inside my little room

00:00:52 There plunged a rays of love

00:01:00 And streams of light clearly saw

00:01:08 The dust you seldom see

00:01:15 Out of which the nameless makes

00:01:22 A name for one like me

00:01:29 I'll try to say a little more

00:01:37 Love went on and on

00:01:46 Until it reached an open door

00:01:52 And love itself

00:01:57 Love itself was gone

00:02:10 All busy in the sunlight

00:02:18 The flecks did float and dance

00:02:25 And I was tumbled up with them

00:02:33 Inform their circumstance

00:02:38 I'll try to say a little more

00:02:47 Love went on and on

00:02:55 Until it reached an open door

00:03:02 And love itself

00:03:06 Love itself was gone

00:03:17 Then I came back from where I'd been

00:03:26 My room had looked the same

00:03:34 But there was nothing left between

00:03:43 The nameless and the name

00:03:50 All busy in the sunlight

00:03:58 The flecks did float and dance

00:04:06 And I was tumbled up with them

00:04:14 Inform their circumstance

00:04:19 I'll try to say a little more

00:04:27 Love went on and on

00:04:37 Until it reached an open door

00:04:43 And love itself

00:04:47 Love itself was gone

00:04:59 Love itself

00:05:03 Love itself was gone
